M. D. in Physiology is a **Non Clinical Speciality** course offered by the Amrita School of Medicine.

Doctor of Medicine in Physiology explores the studies of normal biological function, which provide the basis for understanding the abnormal function seen in human disease and for developing new methods for treating those diseases through translational research. It is a three year postgraduation course and any MBBS degree holders from a University recognized by Medical Council of India can pursue this course. Physiologists can work in the departments of physiology

Duration : Three years **

Seats: 2

(** Two years in case of those who have recognized Postgraduate Diploma in the same subject)

Curriculum: As per the directives of the Medical Council of India (MCI) and Amrita Vishwa Vidyapeetham – Deemed University
